Jones says no hearing needed

Attorney calls for immediate rehiring of HNC coaches

By WAYNE DUCOMB JR.
Randall Jones, a Pass Christian attorney, appeared at a Friday morning recess meeting of the Hancock County School Board requesting immediate renewal of contracts for Hancock North Central Coaches Roland Ladner and Irvin Favre.
"On behalf of Irvin Favre and Roland Ladner, I would like to make a statement of position so we can determine prerogatives," Jones said.
School Board President Woodrow Ladner said, "I think we will have to go into executive session to have a hearing on this matter."
Jones replied, "We do not consider any hearing is in order... we feel due process has been denied us."
School Board Attorney Gerald Gex said, "Just as long as the superintendent made an effort to deliver notice that the two men are entitled to a hearing is all we need to do."
President Ladner stated, "I talked to the state attorney general's office at 2 p.m. yesterday and they said it didn't make any difference what the superintendent did. If an effort was made to locate these people the notice

has been served."
Jones replied, "I do not question this, but there is another opinion. There have been two revisions of the law considering fair employment of school personnel."
"You'll find you have to notify these men seven days after receiving a recommendation not to renew contracts. I think you'll find none of these men were given notice within seven days," the attorney reported.
Gex said, "We had to serve notice in time by April 8."
Jones replied, "In 1977 the law was revised. There's been a lot of discussion of laws and notice of due process reported in the papers. No longer does the superintendent have to serve notices, but the school board is responsible."
"Whether the superintendent or a member of the board did or did not serve notice is not important. Here is a question if this law is valid," Jones added.
"We contend these gentlemen have been employed under the laws of Mississippi and are re-employed under the laws of Mississippi," Jones stated.

"If you are not going to do this we want to proceed with litigation," the Pass Christian attorney said.
"There is not a time specified in the law today as to when these men should request a hearing. I'm speaking from the laws of 1977. You can not read cases of 1973 and expect to go by the law," Jones reported.
The attorney showed the board several awards and cited several

honors received by both coaches, and said, "I think the school board should be happy that by you not acting you have retained these men. These gentlemen have made outstanding contributions to HNC."
"They have been hired by the laws of due process and frankly you should be grateful," Jones added.
"I ask you to confirm what you've

Port body rescinds Bayou Cadet survey

By RICH ADAMS
A resolution calling for a topographical and boundary survey of land being considered as a construction site for a proposed Bayou Cadet anchorage basin and marina in Hancock County was rescinded last week after the Port and Harbor Commission deemed the surveys unnecessary.
Commissioner Vic Frankiewicz

Thursday voiced strong opposition to the proposed survey, which would have cost the county 20 percent of a \$1,500 total cost.
The study is being conducted with a federal grant which pays for 80 percent of the total work completed.
Burke and Associates Engineering firm, tasked with completing the master plan for the proposed anchorage basin, called for the survey because the engineers feel the survey is needed for the final report and also claim the action will go on record as in-kind contributions by the county.

Port Executive Director Wilson Webre reported to the commission that almost none of the services reported to the Bureau of Marine Resources as in-kind contributions were accepted, including work completed by Commission Surveyor Thomas Geiger prior to his death last year.
Frankiewicz, who is also an employee of the Bureau of Marine Resources, reported the services of Geiger were discounted because Geiger died prior to completing his surveys.

Webre told the commission Harry Smith had agreed to conduct the topographical study for \$1,500, and recommended the commission hire him.
Frankiewicz called the survey "premature, because the county is not in a position to shell out money for the anchorage basin at this time."
"The engineers should finish the plan. The information on hand is more than sufficient, and we shouldn't
SURVEY-Page 8A

NEARLY FOUR INCHES OF RAIN in a 10-hour period Saturday caused flooding of streets and yards in Bay St. Louis and the Spanish Acres subdivision. In the photo above, children use the flooded streets of Spanish Acres as a recreation area. Residents of the subdivision, however, were not so enthralled with the deepwaters, however, and are slated to meet with the Bay St. Louis City Council 7 p.m. April 22 at City Hall to discuss drainage problems. Several streets, including the only entrance and exit to Spanish Acres, were nearly impassable Saturday morning due to high waters. In a letter to the council, Jimmy Chiniche, engineer tasked with drainage in the subdivision, reported the drainage is "100

percent completed." Residents of the area are expected to request the Council construct another entrance-exit to the subdivision originating from Central Avenue. In the photo below, water makes an island of this house on Second Street near Carroll Avenue in Bay St. Louis. The homeowner said water is collecting in a basin on the corner of DeMontuiz Avenue and Second Street and spilling over into his and neighboring yards. Wendy Spendlyst, Hancock County dispatcher for the State Forestry Commission, reported 3.63 inches of rain fell between 5 p.m. Friday and 1 p.m. Saturday. (Staff photo-Rich Adams)

NEW ENTRANCE-This pickup truck was driven into the side of the Hancock County Child Development Center Thursday night. Police say Terry Oliver, driver of the vehicle, was charged with possession of a controlled substance, driving while intoxicated, causing an accident, causing damages and contributing to the delinquency of a minor. Charges are pending at the school for those aged six months to school age until further notice, according to Kinta Maloney, director. (Staff photo-Ellis Cuevas)

Errant vehicle veers through school wall

By ELLIS CUEVAS
The Hancock County Child Development Center, Washington and Third Streets, will be closed for an undetermined time, according to Kinta Maloney, director.
The building housing the school sponsored by the South Mississippi Planning Development District and the Hancock County Welfare office, was damaged Thursday night by a vehicle driven by Terry M. Oliver, 23, 228 Washington St., according to Douglas Williams, chief of police.

Police say, "There was a hole knocked in the west side of the building with structure damages extended to the South side. A gas stove and other appliances were damaged inside the kitchen area of the building. The pickup truck driven by Oliver sustained extensive damages.
A 17-year-old female passenger sustained a broken left collar bone, according to police reports. She was taken to Hancock General Hospital by Mobile Medic and released after treatment, according to hospital spokesman.
Oliver sustained a cut on his right

finger and was treated at the scene, police say.
Ms. Maloney said the main reason for canceling classes Friday was because of the lack of cooking facilities for the up to 35 students who attend the school.
Eugene Dillmann, owner of the building, is in the process of receiving estimates on restoration of the structure.
Williams said Oliver was arrested by Officer Albert Biehl and charged with possession of a controlled substance, driving while intoxicated, causing an accident, causing damages and contributing to the delinquency of a minor.

Officers at the accident were Biehl, Louis Hearty, Charles (Gordon) Campbell, Investigator James Mallini of the Bay Police and Officer John Wilkerson, Waveland police.
The vehicle struck the building beneath the electrical supply and Mississippi Power representative David Peranich was called out to check the electrical damages.
The pickup truck was moved from the building by Sam Perniciaro Wrecker Service.

In all public buildings

Bay fire department checking for hazards

By WAYNE DUCOMB JR.
Bay St. Louis Fire Chief Andrew Lizana said his department is inspecting all public buildings for possible fire hazards.

"This is a fire prevention program in which we are looking for possible fire hazards and flammable liquids in all public buildings in the city," the fire chief reported.

"We will also be inspecting fire extinguishers and checking fire exits," Lizana said.
Lizana began the inspections this past week and stated the inspections will be conducted, "until we have every public building in the city limits checked."

"My officers will discuss any fire hazards found with the owners and ask them to correct dangerous areas outlined by the city fire code," the fire chief explained.

"After an initial inspection, if any fire hazards are found, my officers will conduct a follow-up inspection to make sure all deficiencies are corrected," Lizana added.

Lizana reported that Capt. Mike Williamitus and Fireman Donald Manieri are now conducting inspections.
"These inspections will help us and building owners because this is a preventive measure designed to help prevent fires from happening," Lizana said.

Area firemen net \$1,520 in burn drive

(Photos on Page 4A)

By WAYNE DUCOMB JR.
The Bay St. Louis and Waveland Fire Departments collected some \$1,520 recently for a proposed \$2.8 million state burn center to be located in Vicksburg.
Mississippi presently does not have a burn center and a portion of a recent proclamation by Governor William Winter stated the state has "the highest thermal injury rate in the nation."
Pete Clagg, Long Beach fire chief, treasurer of the Mississippi Firefighters Memorial Burn Association, Inc. and Gulf Coast campaign chairman, said Thursday, "We asked the state for \$1.5 million, but they gave us \$750,000 which we have to match by June 30."
"We need to collect \$180,000. The last

Bay Council seeking HUD approval on revised US-90 fire, water plan

By ELLIS CUEVAS

Bay St. Louis Mayor Larry Bennett called a special meeting of the Bay Council Thursday evening to consider a proposal on supplying water to merchants on US-90.

"I think we all agree that this is something we need and have needed for some time," Bennett commented at the opening of the special meeting in referring to a water line north of US-90 between Main and Washington Streets.

Ronnie Artigues, owner of property in the area involved, inquired if the moving of the sidewalk on the beachfront was going to be charged on a front-foot assessment like the recommendations which were made at the special meeting in funding the water line on US-90.

Council member James Thrifflay replied, "No."

Council President Pete Benvenuti stated that the monies for the beach sidewalk were coming from the general fund and anything to do with water lines and fire protection must come out of the utility funds.

Artigues then asked, "I have checked the budget and I am not able to see any funds destined for the sidewalk removal."

It was explained that in September

the budget would be revised and monies from some other area like drainage would be used for the sidewalk relocation.

Estimates on materials for the water line of 3,673 feet of eight-inch and 875 feet of six-inch water lines including fire plugs was given as \$29,014.

That cost of the materials is about a 50 percent increase to \$22,445 from six months ago when not quite as much of an area covered with and fire protection was estimated at \$14,000, and an additional \$6,599 for almost 1,000 feet added to the proposal last week.

Red Reinike, owner of Redgio Ceramics, commented, "It is going to cost me a little more, I do not understand why I should have to pay extra for services I was promised to get when we annexed."

Benvenuti commented, "After the meeting Tuesday night, leaving everybody with lumps on their head, except Fred (Wagner), the Mayor and Billy Johnston, Utility Superintendent, got together and this is the plan they came up with."

The plan which was presented is as follows:

"Cost estimate for materials for water service and fire protection along Highway 90 from Main to Washington

Streets is \$30,000. The installation will be handled by City forces.

"Our bond requirements with the Department of Housing and Urban Development calls for a contingent fund. Monthly deposits to this fund are to be made until \$40,000.00 is accumulated. At present, \$25,000 is in the fund. The money in this fund could be used to pay for improvements or extensions to the existing gas, sewer, or water system.

"We could use \$30,000 from the contingent fund. This amount will be deposited into a construction fund and be used for the purchase of the materials. Any excess will be redeposited to the contingent fund.

"Basis to repay \$30,000 to contingent fund:

"Property owners will be charged \$5 per foot for the extension on their property. They will have the option of paying in a lump sum or by paying their cost with their property taxes over the next three years. They will also be charged 6 percent interest. This should yield us approximately \$18,000.

"The City shall increase the monthly payments to the contingent fund to \$650. This \$350 increase will come from the additional revenue earned from the new users.

If the Council and the property owners present agree then our course of action will be to:

-A. Write a letter to the Department of HUD asking permission to use the money. Presenting them with our plan of repayment.

-B. Write letters to all property owners involved informing them of our action and asking whether or not they would support the front foot assessment.

-C. If 51 percent or more of the owners are in favor and the Department of HUD gives approval then we can proceed.

Jerry Scaffie commented, "If you run down US-90 on the North, I am on the other side. My purpose is to see US-90 in Bay St. Louis promoted like it is in Waveland."

It was discussed that council would have to hold a public hearing and if over 50 percent of the property owners were in favor and council received HUD's approval, they could proceed.

Council was unanimous in giving Mayor Bennett the go-ahead to start notifying the merchants of the plans as they were told it would take about two weeks to hear from HUD.

It was suggested that possibly a five year period may be given for the

repayment which will be included in the proposal.

Artigues wanted the Council to think about the possibility of going ahead if given approval by HUD and if monies could be found in the budget next year, use that money instead of the property owners having to pay the extra assessment.

Property owners, Buddy Whitfield and Robert Taconi were also at the special meeting.

Before the meeting adjourned, Mayor Bennett stated that, "Regarding the sidewalk project, I am not in favor of it all this time. We had some people complaining about drainage last Tuesday night."

Council President Benvenuti told the Mayor he would have to wait on his comments as that project was not on the agenda of the special meeting.

Council members Benvenuti, Jim Thrifflay, Wilmer Seymour, Harry Farve and Fred Wagner were also in attendance at the meeting with the merchants.

Obituaries

MAGNOLIA HENDERSON

Magnolia Henderson, 57, Hurley Avenue, Waveland, died Saturday, April 12, 1980.

Funeral arrangements are incomplete at J.T. Hall Funeral Home in Gulfport.

MISS JANNELL HENRY

A wake for Miss Jannell Anna Henry was held Friday night at Lockett's Mortuary in Gulfport.

Her funeral was Saturday at 2:30 p.m. from the Mount Pilgrim Baptist Church in Long Beach, followed by burial in Monroe Memorial Park at London.

Miss Henry, 18, of 101 Church Lane, Long Beach, died Tuesday, April 8, 1980 in Gulfport.

She was a native of Long Beach and a member of the Mount Pilgrim Baptist Church. She is survived by her parents, Mr. and Mrs. Ulysses Henry, and four brothers, George Williams Sr., Milton Marshall Sr., Lionel Marshall and Ulysses Henry Jr., all of Long Beach.

DAVID J. KIDD JR.

David Joseph Kidd Jr., infant son of Mr. and Mrs. David Kidd of Long Beach, died Thursday April 10, 1980 at Ochsner Foundation Hospital, New Orleans.

A 9 a.m. service was held Friday, at the Edmond Fahey Funeral Home in Bay St. Louis, followed by burial in Garden of Memories Cemetery.

In addition to his parents, he is survived by his grandparents, Ray Kidd Sr., Bay St. Louis, and Mr. and Mrs. Frederick Benz, Michigan; two sisters, Stephanie Kidd and Jennifer Kidd, both of Long Beach.

CHARLES LENAZ

Charles Lenz, 83, of 124 Texas St., Gulfport, died Thursday afternoon, April 10, 1980 at the Veterans Administration Medical Center in Biloxi.

He was a native of Delisle and a lifelong resident of the Coast. He was a veteran of World War I and World War II, serving in the Army.

He was a retired Civil Service em-

ployee in the personnel Office of the Gulfport Veterans Administration.

He was a member of the First Baptist Church of Gulfport and treasurer and former secretary of the Taylor Memorial Bible Class.

Survivors include his wife, Mrs. Ola Farmer Lenz of Gulfport, and a sister, Mrs. Mae Robinette of Pass Christian. Friends called Saturday from 6 until 9 p.m. at the Lang Funeral Home in Gulfport.

The funeral will be at 3 p.m. Sunday from the sanctuary of the First Baptist Church, where friends may call one hour prior to service time.

Burial will be in the Evergreen Gardens cemetery in Gulfport.

JULES THEODORE NICK III

A visitation will be conducted today from 11 a.m. until 2 p.m. at the Edmond Fahey Funeral Home in Bay St. Louis. Mr. Jules Theodore Nick III, 35, 5215 Lafayette St., New Orleans, La. and a native of Bay St. Louis.

Funeral services will be conducted today at 2 p.m. in the funeral home chapel, followed by interment in Cedar Rest Cemetery.

Nick died Thursday, April 10, 1980 in New Orleans.

He is survived by his wife, Lora Robinson Nick of New Orleans; his mother, Elizabeth Fayard Nick of New Orleans; his grandmother, Mrs. J.T. Nick Sr. of Metairie, La.; four sons, Jules T. Nick IV, Nathan Nick, Sam Nick, and Alex Nick, all of New Orleans; four daughters, Miss Katherine Elizabeth Nick, Miss Sissianne Nick, Miss Julie Ann Nick, and Miss June Faye Nick, all of New Orleans.

He was a Catholic.

MR. MCCOY SHAW

Mr. McCoy Shaw, 69, of Route 2, Perkinston, of the Crane Creek Community, died in Memorial Hospital in Gulfport Thursday April 10, 1980.

He was a retired dairy farmer and a member of Crane Creek Baptist Church.

Mr. Shaw is survived by two sons,

Charles Shaw and Wayne Shaw; one daughter, Mrs. Audry Montana; two brothers, Tommy Shaw and Jack Shaw, all of the Crane Creek Community; five sisters, Mrs. Ethel Mailey, Mrs. Leo Rogers and Mrs. Lonnie Reminich, all of Gulfport, and Mrs. Bonnie Phelps of Hattiesburg and Mrs. Meita Patton of Crane Creek; seven grandchildren; and two great grandchildren.

Visitation was after 3 p.m. Friday at the family residence in Crane Creek. Funeral services were 2 p.m. Saturday at Crane Creek Baptist Church with Rev. Gerald Ladner officiating.

Interment followed at the Crane Creek Cemetery.

Winstead Funeral Home, of Poplarville, was in charge of arrangements.

ANDROCLOS JOSEPH SHIYOU

A visitation will be today from 4 p.m. until midnight at the Edmond Fahey Funeral Home for Androclus Joseph Shiyou, 68, a resident of Route One, Box 308, Pass Christian.

A rosary will be recited at 8 p.m. tonight.

A 2 p.m. Mass will be celebrated Monday at Annunciation Catholic Church in Kiln, followed by interment at Bayou Coco Cemetery.

Shiyou died at Hancock General Hospital Friday, April 11, 1980.

He is survived by his wife, Alville Necaise Shiyou; one son, James (Royce) Shiyou of Kiln; two daughters, Mrs. Shirley Shiyou Peterson of Necaise Crossing and Mrs. Diann Shiyou Cuevas of Kiln; two brothers, Guestonell (Buddy) Shiyou and Grifton Shiyou, both of the Standard Community; six sisters, Mrs. Cora Ladner Bond of Rocky Hill Community; Mrs. Nolia Malley of Dedeaux Community; Mrs. Voncie Necaise of Standard

Community; Mrs. Annie C. Dedeaux of Sellers Community; Mrs. Olga Mae Slade of Gumbo Community; and Mrs. Flori Mae Necaise of Bay St. Louis; and eight grandchildren.

Shiyou was a Catholic and a member of Annunciation Catholic Church in Kiln.

LORENA SIMPSON

Mrs. Lorena R. Simpson of 620 France St. in New Orleans, La. died Monday April 7, 1980.

The funeral service was Thursday in St. Louis Cemetery No. 3, with E.J. Ransom Funeral Home in charge of arrangements.

Mrs. Simpson was for many years a frequent visitor in the Bay St. Louis home of her uncle, the late Mr. W.A. McDonald and his wife. In recent years, she has visited cousins, the C.C. McDonald Sr. family.

She is survived by three daughters, Mrs. James Erle Smith of Tupelo Miss., Mrs. Joe Ballard of Germantown, Tenn., and Mrs. J.D. Oglesby of Houston, Texas; seven grand-children; and a sister, Eldredge Bryant of Bolivar, Tenn.

PETER TARANTO

The funeral for Peter Paul Taranto was Friday at 11 a.m. at Edmond Fahey Funeral Home in Bay St. Louis, followed by burial in the Waveland Cemetery.

Mr. Taranto, 81, a retired carpenter and a resident of 312 St. Joseph St., Waveland, died Wednesday, April 9, 1980 in Bay St. Louis. He was a veteran of World War II, serving in the Army. Survivors include two nieces, Miss Shirley Taranto and Mrs. Vera Carter, and a nephew, Raymond Taranto, all of New Orleans.

LIBRARY TRUSTEES

The role and responsibilities of public library trustees will be examined May 1 during a one-day workshop at the Jackson Hilton. The program is sponsored by The University of Mississippi Graduate School of Library and Information Science and the Mississippi Library Commission, and is coordinated by the University's Division of Continuing Education. Topics for the workshop will include the role of the library trustee, the trustee and the library director, and the responsibilities of the library trustee.

COUNTY COURTHOUSES

A traveling photo-documentary exhibit of 120 photographs of United States courthouses is on display through April 20 at The University of Mississippi Museums, Phase 1 of the Cultural Center. The works of 24 photographers were selected from more than 8,000 entries for "Court House: A Photographic Document." The exhibit shows the wide range of architectural styles among the more than 3,043 county courthouses.

Drinking drivers a menace in Hancock

Drinking and driving is a serious problem in Hancock County.

We sometimes wonder why there are so many accidents - many which lead to fatalities.

Since January 7, 1980 there have been 36 persons arrested and charged with driving while intoxicated (DWI).

A total of 37 were arrested and charged with driving under the influence (DUI), and a total of 41 were arrested and charged with public drunk.

We totaled all these arrests and come up with 114 persons arrested and booked at the Hancock County jail on charges related to alcohol.

During the same period, a total of 381 persons were arrested, so you see alcohol was involved in 30 percent of all arrests.

One gets the impression that alcohol flows like water in Hancock County.

Now the above figures are for adults, those 18 years or older charged with DWI's, DUI's and public drunk.

Juveniles arrested in the same period totaled 27, of which two were charged with public drunk.

It is time for us to become aware of the seriousness of the problem drinkers, the dangers posed by those driving while intoxicated or 'under the influence.'

It is a proven fact that the majority of fatalities on the roadways of the US are caused by alcohol.

We are told laws are on the books to eliminate these drivers from our highways.

Could it be the judges are too easy on these people (especially those DWI and DUI) in continuing to let them have their licenses to drive.

That is like letting a person with a firearm point in all directions and fire at will and hit anything or anyone who is in the line of fire.

If we are to keep the drunks off our roads, we have to let our judges know we are concerned about their being too easy on drinking drivers.

The Highway Patrol, Hancock Sheriff's office, Bay St. Louis and Waveland Police haul the DWI's, DUI's and public drunks to jail and before you know it many are out and behind the

wheel again.

There are a few judges who are strict, but we have far too few of these, and there are too many who give light fines.

We feel that our Mississippi Highway patrolmen, sheriff's deputies, Bay St. Louis and Waveland police should know when someone is driving under the influence, especially since the majority of the time a chemical test meter is used.

We know everyone has to be proven guilty before he or she can be sentenced. We just wonder why so many are not given stiffer fines and jail terms for DWI's and DUI's.

Just think, more than one person per 24-hour period is booked at the Hancock County jail and charged with an alcohol violation, on the average since January 7, 1980.

For your information we give you the state law covering DWI's and DUI's.

You be the judge!!

Sec. 63-11-23. Operation of vehicle while under the influence of intoxicating liquor; results of chemical test unavailable.

(1) It is unlawful for any person to drive or otherwise operate a vehicle within this state who is under the influence of intoxicating liquor, punishable as set forth in subsection (2) of this section.

(2) Every person convicted of operating a vehicle while under the influence of intoxicating liquor, where a chemical test was not given or where the alcoholic content was not available in this prosecution, may be imprisoned for not less than ten (10) days nor more than one (1) year and shall be fined not less than one hundred dollars (\$100.00) nor more than one thousand dollars (\$1,000.00), or both. The commissioner of public safety, or his duly authorized agent, shall revoke the license or permit to operate a vehicle within this state for a period of one year of any person who, without evidence from a chemical test, was convicted of operating a motor vehicle while under the influence as defined in subsection (1) of this section.

Sec. 63-11-35. Operation of vehicle while intoxicated.

(1) It is unlawful for any person to drive or otherwise operate a vehicle within this state who is intoxicated as set forth in paragraph (c) of subsection (1) of section 63-11-39, punishable as set forth in subsection (2) of this section.

(2) Every person convicted of operating a vehicle while intoxicated, under subsection (1) of this section may be imprisoned for not less than ten (10) days nor more than one (1) year and shall be fined not less than one hundred dollars (\$100.00) nor more than one thousand dollars (\$1,000.00), or both. The commissioner of public safety, or his duly authorized agent, shall revoke the license or permit to operate a vehicle within this state for a period of one year of any person convicted of operating a motor vehicle while intoxicated under subsection (1) of this section.

Sec. 63-11-31. Operation of vehicle while under influence of intoxicating liquor; results of chemical test available.

(1) It is unlawful for any person to drive or otherwise operate a vehicle within this state who is under the influence of intoxicating liquor as set forth in paragraph (b) of subsection (1) of section 63-11-39, punishable as set forth in subsection (2) of this section.

(2) Every person who is convicted of operating a vehicle while under the influence of intoxicating liquor under subsection (1) of this section shall be punished by imprisonment for not more than six (6) months or a fine of not less than fifty dollars (\$50.00) nor more than five hundred dollars (\$500.00). Upon any second or subsequent conviction of any person operating a motor vehicle while under the influence of intoxicating liquor, the offense or offenses being committed within a two-year period, such person may be imprisoned for not less than ten (10) days nor more than one (1) year and shall be fined not less than one hundred dollars (\$100.00) nor more than one thousand dollars (\$1,000.00), or both. Upon any second or subsequent conviction of operating a vehicle while under the influence of intoxicating liquor, the offense or offenses being committed within a two-year period, the commissioner of public safety, or his duly authorized agent, shall revoke the license or permit to operate a vehicle within this state for a period of one year.

And after reading the law, we feel you will agree with us, that out of the five elected Justice Court judges and two appointed Municipal Court judges, not all of them are doing their job.

We are told there is a school held in Gulfport one night a week for four weeks for those who would rather keep their license than have their's revoked. The fee for these classes is \$50 and we understand several have been sent to these classes in recent months.

If a person needs to drive a vehicle for employment it is, of course, an extremely serious matter to lose a driver's license.

There has been in Hancock County for many years a very helpful Alcoholic Anonymous (AA) organization which has helped many with drinking problems and continues to do so.

SOLICITS DONATIONS—Waveland Firemen Glen Jackson, left, and Jimmy Varnell solicit contributions for the Mississippi Firefighters Memorial Burn Association, Inc. at the corner of US-90 and Waveland Avenue. The Waveland firefighters recently collected over \$1,300 for a new state burn center in five hours.

MAKES CONTRIBUTION—State Highway Patrolman David Kenny, left, gives his contribution for the Mississippi Firefighters Memorial Burn Association, Inc. to Bay St. Louis Fireman Donald Manieri at the corner of US-90 and Main Street. In a recent fund raising drive Bay St. Louis firefighters collected some \$220 in two-hours for a new state burn center.

Action Agency coordinator discusses utility rates

Editor
Sea Coast Echo
Bay St. Louis

To the Citizens of Bay St. Louis:

Allow me to take this opportunity to expand comments on the report by Barbay Engineers of their study of Bay St. Louis Utility System's rate structure.

The report was concise and most informative. It verified that your city officials have been sensitive to the plight of their citizens by absorbing gas cost increases that would normally be passed on to you.

The report proposed a rate restructure which will encourage conservation and create revenues for badly needed repairs. Also reflected was a projected \$190,000 loss (debt) by the end of this year in the system.

That loss would have become your debt, at debt which would probably require a 70 percent rate increase to recover.

Not mentioned in the report was a \$61,000 refund received by BSL from United Gas.

The proposed rate structure and its 38.5 percent increase, if implemented now, will be much less burdensome on citizens and will conform to energy policies which encourage conservation.

The refund, which the utility has received, was being used as a cushion to offset more than \$50,000 in delinquent accounts receivable.

Since then, a concerted effort has been put forth by the Council to collect these accounts or initiate cut off for non-payment.

Many customers have begun payment on these receivables or have been disconnected.

Therefore, we ask the Council to commit that refund of \$61,000 and any future utility surplus income to repair of the system, with the end result being to decrease the 15 percent gas loss to a minimum.

By reducing this loss, the system and its customers will see an immediate savings in gas costs.

We at the Gulf Coast Community Action Agency continue to be concerned with the effect high energy cost has on the citizens in our service area.

Some have been forced to choose

between heating and eating.

Yet the Bay St. Louis Utility System cannot control the increasing price of natural gas, nor can the system continue to absorb without adequate revenues. As demand and cost increase to the utility, so will the rates to you, the citizens and consumers.

Both these problems have one common solution: **REDUCE ENERGY CONSUMPTION and ENERGY WASTE!!**

Over 30 percent of your home energy usage is wasteful, another 15 percent is lost through infiltration and over 15 percent of the gas purchased by the utility system is lost within the system through leaks.

By making adjustments in your use of convenience appliances, and investment in weatherizing your homes and an investment in your utility system for it to operate more efficiently, you can realize a total savings of over 50 percent in your energy costs immediately.

You the consumer, can exercise your power of demand.

Lessen the demand for energy and oil products and the prices must ease, the control oil and gas interests have on your livelihood must also ease.

Even with some assistance from Federal programs, you will not be able to afford the costs of energy in the very near future. Now is the time to affect change. Waste and abuse must be discouraged—Conservation Rewarded.

There is no other solution to the energy crisis or its ensuing inflation. The City Council and the Concerned Citizens are to be commended for their efforts in this most crucial study and report.

We at the Gulf Coast Community Action Agency, stand ready to assist members of the community to help themselves to a better future.

Sincerely,
Athalia Piernas
Hancock County Coordinator

National Library Week

This week has been designated National Library Week for 1980.

In keeping with the theme of this year's program, "America's Greatest Bargain—the Library," the Hancock County Library System will expand its services to one community.

Hancock County Library System Director prima Wusnack explains that on Sunday, April 20, at 2:30 p.m., the new Kiln Library on Hwy. 603 will be dedicated.

Since 1977 the Kiln Library has been housed in a trailer which featured a "book store" arrangement of paperback books.

In the last two years, according to Ms. Wusnack, use of the Kiln Library has increased to the point where larger facilities were needed.

In the summer of 1979, the Farm Bureau building was purchased and has been undergoing renovation for use as a full-service branch of the Hancock County Library System.

The new library's main reading room will house more than 2,000 adult and young adult books, records, and reference materials.

A special feature of the library will be the Terri Kay Zengarling Children's Room dedicated to the memory of the daughter of Mr. and Mrs. Herbert (Bully) Zengarling.

The room will house children's books, records, and audiovisual equipment as well as the Terri Kay Zengarling Children's Collection of materials begun in 1977 by the Zengarling's as a memorial to their daughter.

Another feature of the library will be a meeting room which will be used for adult and children's programs as well as being available to community groups for meetings.

Ms. Wusnack and her staff have extended an open invitation to the Kiln Library dedication next Saturday afternoon.

Sills investigates options

BaySide man urges officials to build south end school

By WAYNE DUCOMB JR.
BaySide Park resident Richard Patterson asked the Hancock County School Board, at a recess meeting Friday morning, to pursue establishing a high school on the south end of the county.

The school board authorized Superintendent of Education Billy D. Sills to further investigate the possibilities of establishing either a junior or senior high school at the south end of the county.

"I want to ask Mr. Sills or Board President Woodrow Ladner how much money does the school system have," Patterson asked?

The BaySide Park resident received no reply.

Patterson stated, "The board voted to build a school in the south part of the county and a handicapped center at Stennis International Airport back in December."

"Now the board has decided to build a handicapped center at Hancock North Central Elementary, but this will just dwindle what funds are available so we can't build a school at the south end of the county," Patterson said.

"When you all met with Dr. Frank Lovell, State Educational Finance Commission executive secretary, in February he said it was a mistake to build HNC were it is," Patterson reported.

"We're going to spend \$215,000 more to add to a mistake," Patterson asked?

"You let Lovell stay on the offense at that meeting and you all didn't say a word. We can finance a new school and I'm for building a new school in the south part of the county," Patterson said.

"Dr. Lovell crammed it down your throats and you all took it," Patterson stated.

"I'm with Board Member Johnny Banks for building a handicapped center and school in the south end of the county. They've got two schools built in Rankin County with local monies," Patterson said.

"If they can do it, why can't we do it," Patterson asked?

Sills replied, "We have 16th Section lands we can borrow against at six percent interest."

Patterson reiterated, "So why can't we have a south end school?"

Another school patron asked, "Why can't we have a school by including Diamondhead students in enrollment figures?"

Board President Ladner replied, "We would have to have an enrollment of over 300 children. The south end school has been held up because of the low number of students involved. We hadn't thought about pulling in Diamondhead students."

The school board president asked Sills to investigate what enrollment figures would show by including Diamondhead students.

"We could put in a building on the south end, but it would have no physical education facilities. We have to look at all angles and we don't want any child to suffer from a lack of something. We're moving cautiously because we want to make sure of this," the board president explained.

A school patron said, "Before the school board was indignant and said they had the money to build a school."

Board President Ladner replied, "But we also noted this was with the understanding we would get Educational Finance Commission money."

Patterson said, "We want a school to educate the children, not just sports, and you all know how much sports mean to me."

Board Member Monvel Cuevas said, "We just don't have the EFC money. If you don't have enough students you can't get EFC money."

Sills stated, "We can't build a school without EFC money."

Cuevas explained, "Once a building is built we need money to pay teachers, bus drivers, etc. Our economic position will not permit us to build a school right now, but I wasn't here when they voted to build the south end school. Without EFC approval we can't get any funds and the state would not pay any of the teachers."

Patterson asked, "Why spend \$215,000 on a handicapped school in the woods?"

"We can't build a school in the woods without money either," Patterson added.

Sills stated, "I've done some work already on this, but every time I begin

to work on this some other emergency comes up."

Board President Ladner said to Sills, "It is now your responsibility."

Area Forester Rand Riedrich again requested letter from the school board stating its position regarding the cutting of firewood on 16th Section lands. Board President Ladner said the school district's attorney would draft a letter for the area forester.

Riedrich said, "The only way, right now, someone can remove lumber from 16th Section land is by my authorization and I need a formal recommendation by the board."

At a previous meeting Riedrich asked for a letter from the school board after the board voted to issue permits for individuals to cut firewood on 16th Section lands.

In other business, at the 9 a.m. meeting in the county youth court building, the school board:

—Approved a request by Board President Ladner to enter into executive session to discuss student discipline problems;

—Approved the minutes from the last meeting;

—Approved a recommendation by Hancock North Central Principal Thad Haskins to rehire Coaches Charles Jacobs, Steve Hodges, David Ward, Joe Shaw and Rocky Gaudin. The coach portion of a previously submitted job description had been eliminated by the board;

—Approved a new driver's education vehicle contract with Turan-Lane Chevrolet discussed at a previous meeting;

—Approved the March docket including items 11,140-11,248;

—Approved a recommendation to

employ Karen Pennington as a special education teacher at Gulfview Elementary School for the 1980-81 school year;

—Approved an agreement with Dr. Vivian Jeravich for psychological services for the school district totalling \$3,800;

—Approved Coordinator Harlin Hill personally delivering district testing program answer sheets to Hattiesburg April 15;

—Approved paying a \$60 per person registration fee plus all expenses for board members and the superintendent to attend the Southern Region School Board's Conference in Lake Buena Vista, Fla. June 22-24;

—Approved the resignation of Bus Driver Donna Baughman. Sills said Baughman found a better paying job;

—Approved the superintendent's attendance at the Annual Transportation Conference sponsored by the State Department April 16-18 in Long Beach. Sills said all superintendents are required to attend;

—Approved a resignation submitted by Cafeteria Worker Donna Bowman;

—Approved 16th Section land leases—a \$132 per year, one-acre residential lease with L.B. Ladner Jr. and another one-acre residential lease with Vanessa Lee for \$108 per year;

—Approved the resignation of HNC Junior High Assistant Principal Charles Lyles effective June 30;

—Received HNC Junior and Senior High accreditation reports from Sills;

—Discussed the purchase of drafting room equipment;

—Discussed changing the corporal punishment policy;

—Set a recess meeting for 9 a.m. Wednesday to meet with the accreditation committee.

SEEKING SOUTH END SCHOOL—Richard Patterson of Bay Side Park discusses methods of securing funds for either a junior or senior high school in the south end of Hancock County with the county school board during a recess board meeting Friday morning. The board directed Superintendent of Education Billy Sills to investigate the possibility further. (Staff photo by Wayne Ducomb Jr.)

Burns.....CONTINUED FROM PAGE 1A

report I received said we had collected \$122,000 with 20 departments left to report in," Clagg stated.

"We're going to have to put on another drive to raise the additional \$58,000 we need," Clagg added.

Roadside collection stations were manned for several hours along US-90 at Waveland Avenue and Main Street by the two departments Saturday April 5, which was declared 'Burn Center Day' by Gov. Winter.

Bay St. Louis Fire Chief Andrew Lizana said his firemen collected some \$220 over a two-hour period.

Waveland Fire Chief Kenneth Fayard reported collecting \$1,300 in a five-hour period.

"The closest burn center, right now, is in Galveston, Tex," Fayard said. Diamondhead Fire Safety Officer Ed

Friloux stated, "We have not finished our drive, but we've already collected about \$100."

"We're not set up here for roadside collections so we will be asking zone captains in Diamondhead to contact their citizens for memberships and contributions," Friloux explained.

"Quite a number of people are becoming members," Friloux added. Clagg explained, "We plan to eventually build a \$2.8 million burn center in two phases. In 50 days we hope to start construction on the first phase which will be a 16-bed facility and operating room. The second phase will add more rooms."

For a contribution to or membership in the burn association contact a local fire department.

STACIE COMEAUX

OLA senior named scholarship winner

Stacie Comeaux, senior at Our Lady's Academy, and daughter of Mr. and Mrs. Carroll Comeaux of Waveland, has been notified by the College Scholarship Service of Princeton, New Jersey, that she has been selected to receive a 1980 Freeport Scholarship Award. Ms. Comeaux competed against high school seniors from all geographical areas in the United States and received one of 25 new scholarships given each year by Freeport Minerals Company. Scholarship winners are determined by an independent

selection committee in Princeton, New Jersey. Ms. Comeaux's scholarship covers all tuition and fees for four years at the college of her choice, providing she continues academic progress, determined by the educational institution and confirmed by ETS. Ms. Comeaux has chosen LSU in Baton Rouge and has been invited by LSU to participate in an invitational spring testing and preregistration program there in April. Scholarship candidates were required to take the

Scholastic Aptitude Test (SAT) and the selection committee used SAT scores and other measures such as the student's high school rank in class, community service, school activities and demonstrated leadership potential. Requirements also included forms and recommendations by her principal, Michael Ryan, and teacher selected by the student, Mrs. Dawn Favre. An Alpha Honor Roll student, Stacie is a member of the National Honor Society, Distinguished American High

School Students, the French Honor Society, and Math Honor Society.

She was an OLA cheerleader, a St. Stanislaus varsity cheerleader, and was elected captain of the SSC squad this year.

She is a member of the Crescent Athletic Club, Project Do, and is on the staff of the school newspaper, the Crescent Courier.

She intends to pursue a career in journalism or communications.

Miss USA Pageant offers tickets savings package

Savings of \$19 and \$16.50 are being offered by promoters of the 1980 Miss USA Pageant on the Gulf Coast over individual ticket prices through an 'Early Bird Package' ticket offer.

The six-event package ticket prices are \$30 and \$25, compared to totals of \$49 and \$41.50 if tickets are purchased separately.

The events include opening ceremony, May 7; preliminary competition, May 10; coronation broadcast May 15; and receptions following those three occasions.

Deadline for purchase of Early Bird Package tickets is Thursday, April 17 after which the packages will be broken down and sold at individual ticket prices, according to Mrs. Virginia Pearson, Miss St. Louis, local pageant official.

Early Bird Package tickets are available at the Mississippi Coast Coliseum box office in Biloxi, or by writing Jimmie Wilson, P.O. Box 4207, Gulfport.

Other pageant events will include a Country and

Western Party from 8 p.m. to midnight Friday, May 2 at the Coliseum.

"Come and dance with the contestants," Wilson urges. Ticket prices for that event are \$5 per person.

Pageant contestants will also make a Waveland appearance when they will be filmed at the Buccaneer State Park Wave Pool. Date of that event has not been announced.

DeLisle plant wins DuPont safety award

Amassing more than 1.25 million hours without a lost time injury, the DuPont here received its first Board of Directors Safety Award in ceremonies Friday at the plant.

The achievement, a recognition of safe plant operation by the company's board of directors, covers the more than 500 employees working at the local plant

from January 1, 1978 through last week.

"We dedicated this plant in December, 1979, to the production of quality titanium dioxide in a safe manner. This Board of Directors Award indicates we are well on our way to achieving our goal," said Gordon B. Howell, plant manager.

The award was presented to the plant by James W. Richards, director of production for the Chemicals, Dyes and Pigments Department; and David Willette, assistant manager of the company's safety and fire division.

To achieve its first Board of Directors Award, the local plant has operated without any lost time injuries during final construction and through a continuing startup phase.

The award is based on a formula utilizing number of employees, plant operations, type of work involved and total exposure hours.

This formula allows office units with Du Pont to compete for the award on an equal basis with plants.

Du Pont employees are 17

times safer on their job than someone working around the home, the company reports. "The company considers safety a responsibility of management equal in importance to making a profit," Howell said.

TEEN PAGEANT-Miss Tereau Pearson, 17, daughter of Mr. and Mrs. F.L. Whitfield of Bay St. Louis, has been selected to compete in the Mississippi Miss Teen USA

Pageant in Jackson May 9-11. Ms. Pearson's sponsors include Bay St. Louis Jaycees, Shoe Barn, Dr. Thomas Murphy, DDS, and Whitfield Furniture.

Hamemakers Council plans Ellisville district meet

Mrs. Olivette Johnson, extension home economist of Columbia, Miss., presented a program on "It's Your Life" at the Hancock County meeting April 1 in extension auditorium.

Mrs. Tuleter Oliver, council president, conducted the business session.

The district council meeting scheduled for April 29 in Ellisville and the State Homemakers Council meeting May 29 and 30 to be held at the University of Mississippi were discussed.

The Pearls Extension Homemakers Club of

Pearlington hosted the social hour. The next meeting will be at 1 p.m. Tuesday, May 6.

Everywhere you look there is a need for new or improved public facilities . . . roads, schools, hospitals, recreation facilities . . . all of these are expensive, but, local governments are seldom in a position to afford the facilities without outside financial help. Fortunately, the Coastal Energy Impact Program (CEIP) can provide some of this needed assistance. CEIP is designed to fund public facilities in areas affected by offshore energy development.

Mississippi is eligible to receive these funds . . .

because of its participation in the national Coastal Zone Management Program. As a result, the Mississippi Coastal Program is the state's plan for balancing development with the environment.

So far our three coast counties have received a total of \$1,340,157 in grants and \$11,662,652 in loans. This money has bought a park for Pascagoula, and has funded part of the Biloxi Lighthouse Fishing Pier, construction documents for Gulfport's Harbor Square, improvements for Long Beach and Pass Christian Harbors, an outdoor classroom, plans for Bayou Caddy Harbor in Hancock County, plans for road improvements and other projects.

Funds from CEIP are more limited now due to federal budget tightening. But for 1980, Mississippi has been allotted \$600,000 in grant money to fund public facilities in the coastal area.

For more information about the Coastal Energy Impact Program and the Mississippi Coastal Program, contact the Bureau of Marine Resources. Come to the Coastal Program public hearing and let us hear your ideas. Don't forget to clip and save this notice for your use later.

already done and put this matter behind us. There's no question you are going to do what is required. They have made a name for their school and have got your people proud of your children," Jones stated.

"Give them their contracts promptly and go on with the subject at hand, to promote good sound education," the Pass Christian attorney added.

Gex replied, "The attorney general's decision is fact until we know otherwise. The attorney general hasn't talked to me, but right now what the attorney general has told President Ladner is fact. I read the law Monday night and what the attorney general says is true."

Board Member Oris Ladner said, "The attorney general will give a different opinion every time you call him. I want to make a motion to extend the contracts."

The motion died for lack of a second. Board Member Monvel Cuevas said, "I think we should know where we stand legally. I want all the facts."

Oris Ladner stated, "They haven't

presented everything to let me know why it has been recommended that these men not be rehired."

"If we go into court, I'm not going in as a school board member, but as a citizen for Roland Ladner and Irvin Favre, and I will defend them," Oris Ladner reported.

Jones inquired, "It is my understanding that you won't honor a contract?"

President Ladner replied, "We will ask these gentlemen to file for a hearing and ask an attorney general's opinion."

Jones said, "You won't have to go to the attorney general for an opinion. Ladner and Favre have been returned to their positions by operation of the law and the supreme court's decision."

Board president Ladner said, "We can not hire anybody without a recommendation from the superintendent of education and efforts have been made to deliver notice to them."

Oris Ladner reiterated, "Why don't we recommend that we hire them? Didn't Billy Sills recommend renewing

the men's contracts at the last meeting?"

Jones said, "I think you need to ask your attorney to review the law. The law was superceded in 1977. The 1973 law is not in effect, but has been amended."

"We would like as prompt a notice as possible," Jones stated.

"There have been certain statements made that indicate the law checked was from a 1974-75 act. This is not the law under the 1977 act and there is no time limit regarding when we should call for a hearing. We are not asking for a hearing if my clients are legally hired by the law and we consider, under the law, Ladner and Favre are already employed," the Pass Christian attorney explained.

Grant levys prison term

Hancock County Circuit Court Judge Leslie B. Grant last week sentenced a 23-year-old Illinois woman to five years in prison on two counts of assault against Waveland police officers.

Beverly McWethy of Elgin, Ill., was sentenced to two five-year sentences to run concurrently. She will be eligible for parole in less than three years.

McWethy was charged with pulling a gun, last year on two Waveland police officers who had arrested her on a contempt of court warrant.

One of the arresting officers managed to wrestle the gun from her. She was taken to Hancock County jail where she was charged with two counts of aggravated assault.

In January she pleaded guilty to the charges, and sentencing was deferred until the current April term of Circuit Court here.

Waveland police said Saturday McWethy is also under arrest on a hold order from authorities in Indianapolis, Ind. in connection with armed robbery and aggravated assault charges there.

Also Friday, Judge Grant sentenced Harold Goings, who had pled guilty to three counts of grand larceny, to two years in the state penitentiary on each count. His terms will also run concurrently.

PASTORS' FAREWELL—Our Lady Of The Gulf Catholic Church associate pastor, Father Patrick Joseph Mockler, left, and acting pastor, Father Louis Lohan, attend a farewell party given in their honor Thursday at the Bay Catholic Elementary cafeteria. Last week Father Mockler was transferred to St. Alphonsus Church in Ocean Springs and Father Lohan was reassigned to Sacred Heart Church in Biloxi. Refreshments were supplied by the large number of parishioners attending the event. (Staff photo-Rich Adams)

Survey.....

CONTINUED FROM PAGE 1A

conduct 'make work' like this survey," Frankiewicz said.

Biff Burke of Burke and Associates said the county would only be paying 20 percent of the survey cost because the government grant will pay the rest.

Frankiewicz objected, saying, "The county pays 20 cents on each dollar spent on this project. If we don't spend anything, we don't have any cash outlay."

Burke and Frankiewicz argued about the definition of in-kind contributions by the county.

Burke said the \$1,500 for the survey could be considered in-kind contributions from the county, but Frankiewicz contended the study is not necessary and will not reduce the county's obligation for its 20 percent of the total cost.

Commissioner Ronnie Artigues moved to rescind the resolution hiring Smith to do the survey, which was seconded by Commissioner Fred Curet and approved unanimously.

In other business Thursday, the commission authorized Gulf Fishermen Incorporated to sublet a portion of Bayou Cadet docks to Olen Guidry for

construction of a conveyor belt, wash tanks, and storage tanks.

The lease calls for 90 feet of space along a canal opposite the site of a proposed icehouse.

Guidry said he could have the system installed and in operation by the start of shrimping season.

Tommy and Kathy Holhauser, representing the fishermen, said the conveyor and storage system will aid the fishermen with processing their catches.

Commissioner Dave McDonald's motion to approve the sublease was seconded by Curet and unanimously approved.

Also Thursday, commissioners raised no objection to a request by attorney Henry Cook of Bay St. Louis allowing the Army National Guard unit he commands to conduct a nighttime parachute drop and pick-up in September at Stennis International Airport.

Cook said the three-day operation will involve dropping troops at the airport on a Friday night and a helicopter pick-up Sunday night.

The commission will gather in a recess meeting Thursday at 7:30 p.m.

Pilet outlines charms of Rosalie for DAR

Members and guests of the Gulf Coast Chapter, National Society Daughters of The American Revolution, last week heard a detailed report on Rosalie, the society's historical shrine in Natchez.

Mrs. Nunez C. (Joe) Pilet of Bay St. Louis, who has served for the past six years on the chapter's special committee on Rosalie, discussed 'A Mansion Called Rosalie' at a chapter meeting Wednesday in the home of Mrs. Ronald Smith of Gulfport.

Mrs. Pilet's talk included historical data on Fort Rosalie in Natchez for which the historical shrine was named.

Rosalie was bought by the Mississippi State Society of the DAR in 1938.

The home, considered to be one of the finest examples of Southern Plantation architecture, has been marked by the Mississippi Department of Archives and History as an historic site.

While serving as Rosalie chairman, Mrs. Pilet conducted research and interviews to gather information.

She had addressed library groups, given benefit teas, and appeared on radio, television, and as a guest at civic club meetings to stimulate interest in Rosalie.

Rosalie is open to the public every day, except during the Natchez Spring and Fall Pilgrimages, when it is shown at certain hours.

Mississippi ladies who belong to the DAR devote time and talents toward maintenance of the shrine and its landscaped Southern gardens as their contribution toward preserving a notable chapter in the State's history.

Mrs. Pilet showed the group a large Rose Medallion China Bowl which is cradled in a silver stand. The companion bowl sits on a hall table at Rosalie.

She also displayed a small

sterling sugar shaker, explaining that a large collection of these sugar shakers may be seen in an American Empire mahogany bookcase located in the grand hall of Rosalie, along with cup plates which were popular in the 1820s when it was fashionable to pour coffee from cup into saucer and place the serving cup in a small plate.

Mrs. Pilet showed the group a reproduction of the Rosalie cup plate.

Also shown as an example of rare things to be seen at Rosalie was a funeral ewer and a porcelain pink and white hot water pitcher, similar to the pink porcelain wash-set to be seen in the mansion.

Rosalie's wash-set is displayed on a stand having towel racks on either side and a marble "splash back" to prevent damage to the Mahogany stand.

Listing some of the rare furnishings in the mansion,

Mrs. Pilet said a piano, one of three in the great hall, won a gold medal in a Paris Exhibit of 1847.

Made of rosewood and inlaid with mother of pearl, the strings of this piano are gold plated and the pedals resemble a lyre.

Few pieces of Belter furniture are now in existence, however Mrs. Pilet said a double parlor set consisting of 20 pieces is to be seen at Rosalie.

Some 65 yards of Aubusson carpets of the "Rosalie" design were purchased in 1857 and have remained on the floors since that time with the exception of a brief period when Federal troops occupied the home, using the parlors as offices.

During that time Rosalie furnishings were stored and handsome twin-mirrors of gold leaf were wrapped in blankets and buried on the grounds.

No restoration was needed

on these fine mirrors which are in splendid condition, Ms. Pilet reported.

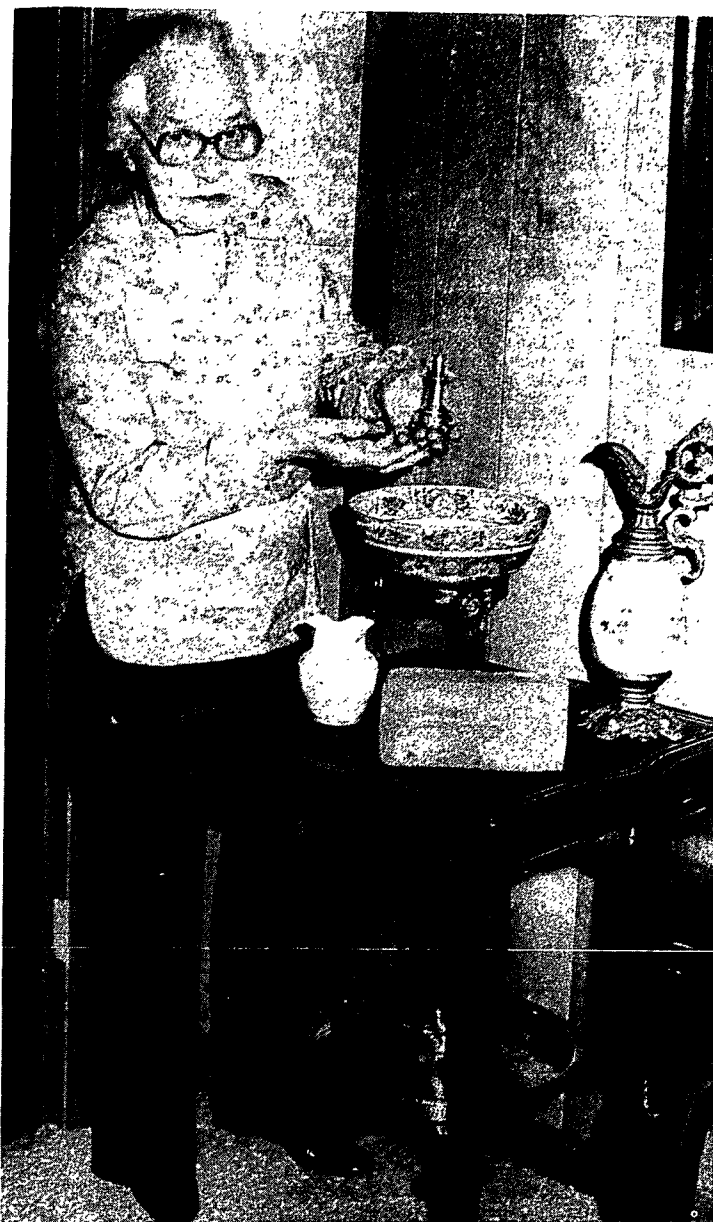

Among those who occupied Rosalie during the war between the states were General Gresham and General Grant.

A reception was given in 1952 complimentary to General and Mrs. Douglas MacArthur.

"Thousands of people visit Rosalie every year," said Mrs. Pilet, "they stroll leisurely through the house and gardens and buy souvenirs from a gift shop where many items of excellent quality are for sale."

Profits from tours and sales help to support Rosalie.

Many historically important gifts have been received, including a Sheffield silver punch bowl which was given to the battleship S.S. Mississippi in 1909 by the citizens of Natchez and returned when the ship was decommissioned in 1958.

MRS. JOE PILET SHOWS OBJETS D'ART

Leland Ladners mark silver anniversary

MR. AND MRS. LELAND LADNER SR.

Mr. and Mrs. Leland Ladner Sr. of Gulfport celebrated their 25th wedding anniversary Sunday, March 16.

The couple renewed their wedding vows at a 1 p.m. ceremony in the Knights of Columbus home with Monsignor Joseph Mercier of St. John Catholic Church, officiating.

Valerie Malley, daughter of the couple, served as matron of honor; and Celester Ladner, who attended his brother as best man at their Delisle wedding March 11, 1955 served as best man.

Pamela Ann Malley, a granddaughter, served as flower girl and Lovell Ladner, son of the couple, was ring bearer. Mrs. Alice Morris, Pineville, organist, played the Wedding March.

Mrs. Ladner wore a formal jade green silesta jersey gown fashioned with an over drape of chiffon pleating. A corsage of pink sweetheart roses centered with a pink carnation complemented her ensemble.

The matron of honor wore a blue chiffon print blouse with a long navy skirt and a light blue carnation corsage.

A reception followed the ceremony; the bride's table held a four-tiered wedding cake decorated with silver leaves and silver candelabra on either side.

Patrice Ladner, daughter of the couple, kept the guest register and Sabine Ladner, Tami Evans and Shelly Bentz served the punch.

Mr. and Mrs. Ladner have five children, Sabine, Leland Jr., Patrice and Lovell of Gulfport and Valerie Malley, Pass Christian; and two granddaughters, Pamela Ann and Melissa Kaye.

Ladner, Piazza wedding set in Waveland Police Station

Employees and friends of the Waveland Police Department on April 10, 1980 at 5 p.m. attended the wedding of Waveland Police dispatcher, Janelle Carver Ladner and Alan Piazza.

The double ring ceremony was performed by Justice

Court Judge John C. Chevis Jr. at the Waveland Police Department.

The unusual attire of the wedding party for this happy occasion was blue jeans.

Attending the bride as maid of honor was Sandra Henley,

Waveland Police investigator.

The best man for the groom was Mike Richardson.

Janelle Carver Ladner is the daughter of Mr. and Mrs. John W. Carver of 416 Broad Street, Waveland, and the mother of Lisa and Casey Alan Ladner. Alan Piazza is the son of Mr.

and Mrs. Bernard J. Piazza of Washington Road, Bay St. Louis.

A reception for the bride and groom was also held at the Waveland Police Department with wedding cake and champagne.

Ladner, Bennett engagement told

Mr. and Mrs. Billy Ray Ladner of Pass Christian announce the engagement and approaching marriage of their daughter Vicki Lynn to Harlon Ray Bennett, Jr. son of Mr. and Mrs. Harlon R. Bennett of Kiln.

Friends and relatives are

invited to the wedding and reception at Kiln VFW Hall Saturday, April 26, at 2 p.m.

The bride-elect, a 1979 honor graduate of Hancock North Central, is presently employed at Pass Christian Industries. She is the granddaughter of Mr. and Mrs. Otis

Guardia Sr., and Mr. and Mrs. Russell Ladner, all of Pass Christian.

She is also the great-granddaughter of Mrs. Lucretia Ladner of Gulfport. The groom-elect, who also attended Hancock North Central, is presently em-

ployed with Bergeron Marine in Pearlington.

His maternal grandparents are Mrs. Jessie Lee Warren of Waveland and the late Arthur Lee. His paternal grandparents are the late Mr. and Mrs. Sidney Bennett Sr. of Kiln.

Brief

CASTELIN HONORED

Regina Lynne Castelin is one of 76 students on the Dean's list at the University of the South for the first semester, and is thereby included in the top 7 1/2 percent of students at the 1,000 student

college of Arts and Sciences. Regina is the daughter of Mr. and Mrs. Robert L. Castelin, 109 McLauren Rd., Pass Christian.

Miss Castelin will graduate in May with a degree in political science.

FORTIETH ANNIVERSARY—Mr. and Mrs. Nicholas H. Schneider of Bay St. Louis were honored with a surprise cocktail party March 8 on the occasion of their 40th wedding anniversary. The event, hosted by Mr. and Mrs. Joseph H. Momany of New Orleans, was at the American Legion Home, in Bay St. Louis. Arrangements of red and white carnations, red heart shaped mints and a tiered cake trimmed in red and white adorned the cake table.

Construction Women to hear legislative report

The Mississippi Gulf Coast Chapter No. 256 of the National Association of Women in Construction (NAWIC) will hold its regular monthly business meeting on Tuesday, April 15, in the Conference Room of the Peoples Bank in Biloxi on the corner of Lameuse Street and Howard Avenue at 7 p.m.

The program will be given by James H. Haynes of O'Neal Electric Co., Inc., on his participation in the "Construction Industry National

Legislative Conference" held recently in Washington, D.C.

The National Association of Women in Construction co-sponsored the conference which included workshops and panel discussions featuring senators, U.S. representatives, high ranking officials in the executive branch of government, as well as experts from the academic and business worlds.

Topics of discussion included "EEO in the Construction Industry; ERISA;

Small Business in the 80's; Collective Bargaining Reforms; State Issues; Grass Roots Lobby and Political Action; International Relations-Defense; Energy Issues; and Accomplishments and Objectives of the White House Conference on Small Business."

In keeping with Association objectives to improve the skills and knowledge of members and to serve the construction industry, NAWIC co-sponsored the Conference

for the second year. All women employed in any phase of the construction industry are invited to attend the meeting. For further

information about the meeting and NAWIC, contact Nancy Lawrence at H. Gordon Myrick, Inc. by phoning 884-9911.

Brief

program discussed topics related to higher education in the 1980s. The seminar is designed for alumni association board members, club and chapter officers, alumni admissions counselors and Share-A-Scholar volunteers.

Echoes

Byron Drew Fryer of Arabi, La., who spent last week with his grandparents Mr. and Mrs. Elus Depreo, returned home Wednesday with his parents Mr. and Mrs. William Fryer Jr. and his brothers Dax and Billy who were enroute home from a trip to Disney World.

Mr. and Mrs. A.N. Grass of Waveland had as guests for the Easter holidays their son-in-law and daughter Mr. and Mrs. William Henry and children Geri, Pat and Michelle of Franklin, Tenn.

Mrs. John Rowley and son Todd of St. Petersburg, Fla., are visiting her mother Mrs. Horace Kergosein.

Mrs. Victor Colson spent Easter Sunday with her son-in-law and daughter Mr. and Mrs. John McConnon in Kennar, La.

Mr. and Mrs. Elus Depreo had as Easter holiday guests their son and daughter-in-law Mr. and Mrs. Greg Presnell of Pensacola, Fla.

Mr. and Mrs. Darrell Favre and daughters Rachelle and Rhonda of Lake Charles, La., spent last weekend with their mothers Mrs. Edna Poolson and Mrs. Sadie Favre.

BIRTHS

AMANDA LADNER Mr. and Mrs. Curtis Ladner Jr. of Pass Christian announce the birth of their second child and first daughter, Amanda Gayle on March 21.

Amanda's grandparents are Mr. and Mrs. Lacy J. Cuevas Sr., also of Ladner Community, and Mrs. Elva Ladner of Bay St. Louis and the late Curtis Ladner Sr.

LAFONTAINE, BONANO WED-Miss Marilyn Elizabeth Lafontaine, daughter of Mr. and Mrs. Charles LaFontaine Sr. of Bay St. Louis, and Glenn Michael Bonano, son of Mr. and Mrs. Frank Bonano Sr., also of Bay St. Louis, were married Thursday evening, March 13, with Judge Bruce Necaise officiating.

Garden Club reviews Spring Flower Show rules

At a recent meeting of the Bay-Waveland Garden Club's Flower Show Committee in the home of Mrs. John Newkirk, chairman, the following information concerning rules and regulations for the Spring Flower Show was discussed.

Bay-Waveland Garden Club will present "Open Homes-Open Hearts," Spring Flower Show and Pilgrimage, Wednesday, April 16, 1988, 10 a.m. to 2 p.m.

Advance registration must be made with Mrs. John C. Pritchett, telephone 467-7179, by exhibitors in Sections A, D, and G of Horticulture

Division.

Entries in this division will be received at the Garden Center from 9:30-11:30 a.m. Tuesday, April 15.

All entries in Design Division must be registered with Advance Entries Chairman Mrs. Edward Brennan, 467-9718.

Entries in this division in the Beyer and Wagner homes and Wagner office will be received from 11 a.m. to 12:30 p.m. Tuesday, April 15.

Judging will begin at 1:30 p.m. Tuesday, April 15. Decisions of the judges shall be final.

The show will be open to the

public on the day of the Pilgrimage, Wednesday, April 16 from 10 a.m. to 2 p.m. Mrs. Newkirk urged all members to enter. Twenty-four entries are needed in Design Division, eligible for Creativity Award.

Flower Show Committee members are Mrs. John Holmes, Garden Club president; Mrs. John R. Newkirk, Flower Show chairman; Mrs. Lelyn W. Nybo, Schedules; Mrs. Lloyd J. Lewis, art for schedule cover; Mrs. Jan Brameyer, staging; Mrs. Edward Brennan, advance entries & placement (design); Mrs.

John Pritchett, advance entries (horticulture); Mrs. George Seuzeneau, entries (horticulture); Mrs. Charles Shambley, classification (horticulture).

Also Mrs. Charles Harris and Mrs. Robert Pritchett, placement (horticulture); Mrs. Clarence Evans, judges; Mrs. Jan Brameyer, judges hospitality; Mrs. Matthew

Hunter, clerks; Mrs. John R. Newkirk, awards; Mrs. James Evans, Jr., publicity; Mrs. John Isom, hospitality; Mrs. Lelyn W. Nybo, special exhibits.

WAVELAND SHOWPLACE—Pines, oleanders, cedars and azaleas are among the variety of plant life which contributed to selection of the residence of Mr. and Mrs. Harold Seagrave, 138 Vacation Lane, as Waveland's Garden of the Month for April. The award was presented by the Bay-Waveland Garden Club. (Staff photo by Edgar Perez)

BAY GARDEN WINNER—A profusion of blooming azaleas this month captured the Bay St. Louis Garden of the Month award for Mr. and Mrs. O.W. Delph who live at 120 DeMontfuzin St. The monthly selection of an outstanding garden in the city is made by the Bay-Waveland Garden Club. (Staff photo by Edgar Perez)

The Sea Coast Echo

Coast Newcomers gardening group plans April 21 meet

Gulf Coast Newcomers met Tuesday, April 8, at Best Western on US-90, Gulfport. The luncheon meeting was preceded by a social hour at 11 a.m.

The guest speaker was Mrs. Harry Woodberry, vice-president of the Gulfport council of Garden Clubs and chairperson of the 1980 Gulfport Pilgrimage.

The Newcomers Club has served special interest groups, including day and night bridge, sewing and crafts, international food and culture, and a newly formed

group. The green thumb gardeners will meet on Monday, April 21 at the home of Muriel Burton, off Robinson Rd., Britany Estates, North Gulfport (832-8966).

Any newcomer to the area is cordially invited to attend newcomers club and to par-

ticipate in the various activities planned each month.

For more information or reservations call Mrs. Mary Romes, Biloxi (388-3441); Ms. Vera Reich, Gulfport (832-0678) or Gudrun Gselle Long Beach (863-7055).

State Garden Club offers April tips

By Mrs. C.H. Wood, Horticulture Chairman. April is not only the prettiest month in the garden, but it's also the busiest. Spring bulbs, wildflowers and flowering trees and shrubs reward us with their beauty.

Early-blooming shrubs such as spiraeas, forsythias and flowering quince need pruning as soon as they are through blooming.

Cut out the oldest flowering shoots to encourage strong new shoots that will provide most of next year's blooms. Remove suckers growing below the graft of established rose bushes. Continue to dust or spray regularly with malathion and a fungicide such as Benlate or Captan (follow label directions) to control insects and diseases. Disbud Hybrid Teas and Teas to one bud to each stem. Continue to plant potted roses.

Plant caladiums, elephant ears and other bulb-like plants, such as cannas, achimenes, calla lilies, daylilies, spider lilies and tuberose.

Continue to plant gladioli at two week intervals. Warm-season grasses, such as Bermuda, carpetgrass and centipede should be seeded in April or May. Prepare the seedbed properly. Condition the soil and work in a slow-release fertilizer.

Repair worn or disease-damaged areas of Bermuda, St. Augustine or zoysia with sod that is available at nurseries. Dig up old turf and set new sections level with surrounding turf.

As flowers of daffodils, hyacinths and other spring-flowering bulbs fade, cut the flower stalk back to the ground. Do not cut the foliage

until it has died back naturally. Fertilize beds with a high-phosphorus fertilizer. Follow label directions.

After danger of frost is past, sow seeds of cockscomb, coleus, marigold, verbena, zinnias and nasturtiums. Set out plants of ageratum, marigold, petunia and salvia.

Apply mulch around newly set trees, shrubs and vines and renew mulch on established plants. Compost, pine straw or pine bark are good mulching material.

Fertilize fruit trees if you haven't done so. Use a low-nitrogen fertilizer, such as 5-10-10, and apply according to label directions.

Sow seeds of herbs outdoors. Some of the easiest to grow

from seeds are basil, chives, dill, oregano, parsley and sage.

Move houseplants outdoors for the warm months. Avoid placing in direct sunlight. Watch for insects and disease problems.

Water often enough to keep soil moist. Check hanging baskets often, as they tend to dry out more rapidly than pots.

Before the berries begin to form, mulch strawberries with straw or pine needles to keep the berries off the ground.

Sow seeds of beans, cucumbers, corn, black-eyed peas, crowder peas, squash, okra and other warm season vegetables. Put out plants of tomatoes, peppers and eggplants.

Shower honors Deborah Barnes

Miss Deborah Barnes, bride-elect of Steven G. Carver, was recently honored with a bridal shower hosted by Mrs. Judi Brooks and Mrs. Cynthia Carver at the Carver home, 121 Lakewood Drive, Bay St. Louis.

Arrangements of spring flowers decorated the refreshment table which was centered with a cake decorated with an umbrella holding spun sugar roses, sweet peas and lily of the valley.

The honoree and their mothers Mrs. Sarah Walker of Slidell, La., and Mrs. Vera Favre, Bay St. Louis, were presented corsages fashioned of miniature kitchen gadgets interspersed with pastel ribbons.

Miss Barnes and Mr. Carver will be married Saturday April 26 at Our Lady of the Gulf Catholic Church.

Beta Sigma Phi elects officers

Ms. Rhea Scaffidi of Bay St. Louis was hostess for a March 24 meeting of Alpha Omicron Chapter, Beta Sigma Phi. Ms. Scaffidi gave a program on Parliamentary Procedure.

Members elected officers who will be installed in May. They include Becky

Arrowood of Bay St. Louis president; Margaret Pitts of Long Beach, vice president; Bezy Schaefer of Bay St. Louis, treasurer; and Linda Stone of Long Beach, corresponding secretary.

The group's next meeting will be April 14 in the Pass Christian home of Ann Gerads.

SENIORS EASTER SERVICE—A visitor, foreground, to recent special Easter services at the Hancock County Senior Citizens Center at VCJ Complex in Bay St. Louis waves encouragement to singer Charles Johnson, left, of Bay St. Louis.

Retired Senior Volunteer Program staff member; Rev. Charles Clark of Waveland's First Assembly of God on trumpet; and John Coker, seated right, of Pass Christian, Jewish Missionary in this area. (Staff photo by Edgar Perez)

Christian Women's Fellowship to hear Nigerian missionary

The Christian Womens' Fellowship will meet Thursday, April 17 at noon in Virginia Hall behind Christ

Episcopal Church in Bay St. Louis. Speaker will be Mrs. Albert Wylie of Metairie, La.

Altar Society plans cake sale

Our Lady of the Gul Altar Society met April 3 in parish hall. Mrs. Grace Hunter, president conducted the business session.

Plans for a Mothers' Day cake sale were discussed.

Father Patrick Mockler was a guest of the group. The social hour was hosted by Mrs. Elsie DeRocha and Mrs. Hunter. The next meeting will be at 3:30 p.m. Thursday, May 1, in parish hall.

Pulpit Points

L. S. WALKER, D.D.
Shortly before His crucifixion, Christ said to His disciples, "Yet a little while, and the world seeth me no more; but ye see me: because I live, ye shall live also." - John 14:19.

Christ's resurrection from the dead was God's assurance to all believers of their own resurrection. Death poses no problem with God!

He raises the dead with ease. See Luke 8:54. Jesus took the young girl by the hand and said, "Maid, arise."

Suddenly, she who had been dead was alive and perfectly well. It was no problem for Jesus.

He stopped a funeral procession, touched the bier on which the body of a young man was being carried to burial, and said, "Young man, I say unto thee, Arise." - Luke 7:14.

Life returned to the corpse, and he sat up and began to speak. How easy it was for the Lord!

On yet another occasion, Jesus came to the tomb where Lazarus had been buried and gave the command, "Lazarus, come forth." - John 11:43.

He who had been buried four days lived and came forth out of the tomb. How wonderful! How marvelous! Man's extremities are God's opportunities. Because something is difficult, or even impossible to man, never think it is difficult for God - See Luke 18:27.

"Why should it be thought a thing incredible with you, that God should raise the dead?" - Acts 26:8. God knows no impossibilities. He is the master of all things...even death!

The resurrections performed by Jesus were

resuscitations to natural life. The persons raised were restored to their normal fitted-for-earth bodies. They received normal physical life again.

In due time, they lived out their life span and died. There is a different kind of resurrection explained in the Scriptures. It is a resurrection to a new and different kind of life - A resurrection wherein we are clothed with a new and glorified body.

The Bible liberally discusses a future resurrection from the dead. It is a different kind of existence. It is a resurrection to be shared by all believers of all ages. It is a resurrection to eternal spiritual life, not just another limited earthly life.

This future resurrection is after the pattern of the resurrection of Jesus himself, not like the resurrections of the daughter of Jairus, or of the young man of Nain, or of Lazarus of Bethany.

"Christ being raised from the dead dieth no more; death hath no dominion over him" - Romans 6:9. That, my friends, is the kind of resurrection which awaits the people of God. It is a resurrection into unending life where death is felt and known no more.

The resurrection of Jesus Christ is the guarantee of the resurrection of all those who are in Christ. "But now is Christ risen from the dead, and become the first fruits of them that slept...For as in Adam all die, even so in Christ shall all be made alive. But

Mrs. Wylie was born in Nigeria, West Africa of missionary parents and attended school in Canada and the United States.

She and her husband, The Reverend Albert Wylie, spent 15 years in Nigeria as missionary educators.

They returned to the states in 1961 and have since served Presbyterian churches in Georgia, South Carolina and Louisiana. Her husband is currently the pastor at Canal Street Presbyterian church. She is presently engaged in

serving the Lord in the capacity of minister's wife, Bible teacher and is active in state Presbyterian office.

Lunch will be served at noon with the ministry beginning at 12:45 p.m.

Guests are welcome to attend the ministry without attending the luncheon.

Reservations may be made by calling Mrs. Henry Maggio at 467-7109; Mrs. Cal Smith, 467-5331; Mrs. Tom Montgomery, 467-8053 or Mrs. Mike Smith, 467-9608.

Walter and Betty Stone are shown accepting delivery of their new Chevrolet Luv Pickup from Turan-Lane Chevrolet Salesman Carlos Carter.

"Being a friend of Carlos Carter we stopped by Turan-Lane Chevrolet to check on a small truck. I work at H & R Block in Long Beach and drive forty miles a day so I need the economy of the Luv truck. Carlos gave us a good deal and we would like to recommend him to all our friends."

Walter Stone

NEW PEARLINGTON BUSINESS - Justine Brown, waitress at Jerry's Restaurant and Bar serves punch during grand opening last Friday. Jerry Watkins, owner, constructed the building by himself over a two year period. (Staff photo - Ellis Cuevas)

Diamondhead News

Marilyn Cucci, Bob McBea tied for sixth. Pflugfelder, Herman Makofsky, Ida Mae Snow and Joe Matrangola were reported as directors of Mardi Gras '81.

They are in fact the nominating committee. Apologies for the error.

Ed Friloux reports the Mississippi Firefighter's Memorial Burn Association, Inc. needs new members to keep up their program and to construct a complete center to increase the capacity of the unit located at Delta Medical Center in Greenville. Annual dues are \$2.00 and lifetime membership is \$25.00.

The Women's Golf Association Aloha tourney will be Tuesday through Thursday of this week. To qualify a three-month membership in DWGA and five posted Thursday Ladies' Days scores are necessary.

The DMGA benefit tourney for the DVFD will be off at 9 a.m. Saturday, according to president Al Dousson. Full handicap and chose your partner for prizes galore.

Low gross scorers through February are Austin Price, Tom Hickman, Mike Schaeffer. Low net scorers are Austin Price, Saul Rubin and Lou Gatipon.

Ceil and Luther Grice hosted an Easter Sunday brunch at their beautiful home. Tables were decorated with Easter baskets, chocolate eggs and violets in miniature vases.

The menu included scrambled eggs, sausage ring, fruit, bran muffins, biscuits and coffee.

Guests included Lee Peterson, Carol Mabry, Mr. and Mrs. Arthur Thorp, Mr. and Mrs. Sidney Watson, Mr. and Mrs. Bob Tonner, Mr. and Mrs. Don Hertel and Mr. and Mrs. Darwin Hoppert.

The Red Room at the Country Club will be the setting for Newcomers and a style show. The donation will be \$7.50 and the profits will go to the DVFD. Luncheon is included and reservations are required.

DMGA had one of the largest turnouts of its history. The warm, sunny day brought all of us out of hibernation. Cliff Vix, Ed Denys, Bob Bond and Bert Wattingney comprised the winning foursome.

Cliff Vix and Bob Schutt tied for first in individual honors. Scott Warfield was along in third place. Bill Eiserloh and Jim Diltz tied for fourth. Clyde Bonwell, Austin Price, Bert Wattingney and Bob

LEGAL NOTICES

NOTICE TO BIDDERS

Sealed bids will be received by the City of Bay St. Louis for the construction of five windmills. The bids should be delivered to the City Clerk's Office, City Hall, Bay St. Louis, Ms. 39520 by 4:00 p.m. Tuesday, May 6, 1980. The bids will be opened at 7:00 p.m. or shortly thereafter.

The specifications are on hand at City Hall and are available upon request.

The City reserves the right to reject any and all bids. Published by order of the City Council of the City of Bay St. Louis, this 8th day of April, 1980.
